The Commonwealth of Massachusetts

EXECUTIVE DEPARTMENT
STATE HOUSE • BOSTON 02133

DEVAL L. PATRICK
GOVERNOR

TIMOTHY P. MURRAY
LIEUTENANT GOVERNOR

October 11, 2007.

To the Honorable Senate and House of Representatives:

I am filing for your consideration the attached legislative proposal entitled, "An Act Establishing and Regulating Resort Casinos in the Commonwealth."

There is a growing need to spur economic development and job growth throughout the Commonwealth, and this innovative and responsible bill meets those demands. This legislation authorizes the creation of no more than three resort casinos to be built in different regions of the state. Establishing these resort casinos will result in tens of thousands of construction jobs, over 20,000 permanent jobs and billions of dollars invested in our economy. In addition to economic development and job creation, this bill provides that millions of dollars of additional revenue will be used annually to provide immediate property tax relief and to make badly needed road, and bridge and other transportation infrastructure repairs.

Further, this bill balances the Commonwealth's urgent economic development needs against its serious need to effectively mitigate any negative public health or safety costs related to expanded gaming. Specifically, this plan allots a high level of resources, to be funded by the resort casinos themselves, to meet any increased demand for social service and public health programs resulting from gaming. Additionally, this bill provides for the most comprehensive regulatory and enforcement system in the country. The Massachusetts Gaming Control Authority will have strong regulatory, oversight and enforcement powers, and violators will be aggressively fined and penalized.

Addressing the needs of regional economies throughout the Commonwealth, this bill takes a critical step toward expanding economic development and job creation. Along with the Life Sciences Initiative, the Readiness Project and the Administration's five year capital plan, the construction and operation of up to three resort casinos will help create more than 100,000 new jobs by 2010 and secure the Commonwealth's position as a leader in the global economy. Accordingly, I urge your early and favorable consideration of this bill.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Deval Patrick", written over a white background.

DEVAL L. PATRICK,
Governor.

The Commonwealth of Massachusetts

In the Year Two Thousand and Seven.

AN ACT ESTABLISHING AND REGULATING RESORT CASINOS IN THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for the immediate economic development and revenue needs of the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. The general court finds and declares that:

- (a) promoting the economic viability of the commonwealth is a fundamental purpose of state government;
- (b) growing the commonwealth's economy is the best way to make the investments in those areas that will strengthen the commonwealth;
- (c) the creation of resort casinos is an important part of an overall strategy to ensure the state's economic growth;
- (d) authorizing 3 resort casinos will result in tens of thousands of construction jobs and billions of dollars of construction-related spending in the commonwealth;
- (e) once constructed, the 3 resort casinos will create tens of thousands of new jobs for residents of the commonwealth and offer a wide array of employment opportunities for individuals with diverse educational backgrounds and skills, while enhancing the commonwealth's workforce development system by creating career advancement opportunities for casino employees;
- (f) ensuring that the resort casinos are located in different regions of the state expands economic development and job creation broadly throughout the whole commonwealth and recognizes that the needs of regional economies must be addressed;
- (g) revenue generated from resort casinos can be used to fund critical needs in the commonwealth, including investments and upgrades to roads and bridges, and other transportation infrastructure;
- (h) such investment in infrastructure is an economic necessity and will facilitate economic development and job creation;
- (i) property tax burden has soared, hitting middle and lower income homeowners the hardest, and additional revenue from resort casinos can be used to offset this burden;
- (j) property tax reduction is an essential tool for community stabilization;
- (k) addressing the social costs of gaming is an important and necessary part of any comprehensive casino plan and therefore this act provides for a high level of funding for these costs and an evaluation mechanism to ensure we understand fully the impacts of gaming in the commonwealth;
- (l) a rigorous gaming regulatory and enforcement scheme is needed to ensure fairness and integrity in the gaming industry, and therefore this act contains a detailed strategy to ensure proper oversight and evaluation of resort casinos in our commonwealth;

(m) the success of gaming in this commonwealth requires public confidence and trust that licensed gaming will be conducted honestly and competitively, that the resort casinos licensed in the commonwealth will not unduly impact the quality of life enjoyed by residents of the surrounding communities, and that gaming will be free from criminal and corruptive elements;

(n) public confidence and trust can only be maintained by strict regulation of all persons, locations, practices, associations and activities related to the operation of the resort casinos licensed in the commonwealth;

(o) the resort casinos licensed in the commonwealth must therefore be controlled to protect the public health, safety, and well being of the inhabitants of the commonwealth, to foster the stability and success of gaming and to preserve the competitive economy of the commonwealth;

(p) the Massachusetts gaming control authority is therefore created as the custodian of the public trust relative to the gaming industry and is explicitly granted broad powers within this act so it may have the full authority to oversee the gaming industry and ensure that resort casino operations are transparent; and

(q) to delay or deny the commonwealth the opportunity to increase jobs, attain new revenue, and address critical needs would be contrary to the best interests of our residents.

Section 6. Awarding of and Conditions of Licenses

(a) The authority may award casino licenses based on the applications and bids submitted to the authority.

region 3 – worcester, hampshire, hampden, franklin, and berkshire counties.

(c) Nothing in this chapter shall require the awarding of a license to a region. If the authority is not convinced that an applicant has both met the eligibility criteria and provided convincing evidence that the applicant shall provide the highest and best value to the region in which the resort casino is located and to the commonwealth, no casino license may be awarded in that region.

(d) For the purposes of determining which applicant may be awarded a license, each applicant's bid shall be evaluated to determine which will provide the highest and best value to the region and to the commonwealth based on the criteria set out in section 5, and any other terms the authority determines by regulation.

(e) If there is more than 1 applicant in a region who is determined by the authority to be eligible for a casino license pursuant to section 5, the authority shall conduct an auction to award such license. The authority shall retain the services of a reputable financial services firm to assist in the construction of the auction and shall issue final regulations for such auction at least 30 days before the auction occurs.

(f) If an applicant is awarded a casino license, the casino licensee shall pay the commonwealth the following fees:

(1) a licensing fee in the amount indicated in its bid proposal provided that the licensing fee shall be at least \$200,000,000;

of all gross gaming revenues; provided further that the minimum percentage shall be at least 27 percent of all gross gaming revenues or \$100,000,000 per year of the license, whichever is greater;

(g) No person or affiliate may be awarded more than 1 license and no person or affiliate may have an interest in more than 1 license.

(h) Renewability. Each license is renewable every 10 years, from the date of first issuance. The authority shall adopt regulations to establish standards and the process concerning the renewability of licenses.

(i) Conditions of Casino Licensure.

(1) Every casino licensee shall have an affirmative obligation to abide by every statement made in its application to the authority and every statement made in its bid submission to the authority pursuant to subsection (c) of section 5.

(2) No casino license shall issue to an applicant who is a federally recognized Native American tribe located in the commonwealth or an applicant who is partnered with a federally recognized Native American tribe located in the commonwealth unless the Native American tribe has entered into a contractual agreement with the commonwealth in which the Native American tribe agrees to waive any and all of its rights under the Indian Gaming Regulatory Act, 25 U.S.C. sections 2701 et seq., and be subject to the civil and criminal laws, statutes, ordinances, and jurisdiction of the commonwealth with respect to all activities relating to the development and operation of the resort casino and the applicable rules and regulations prescribed by the authority.

(3) The authority shall make an assessment in each fiscal year against each licensee operating a casino in the commonwealth. This assessment is in addition to the licensing fee and the operating licensing payment paid by each licensee. This assessment shall be made at a rate as shall be determined and certified annually by the authority as sufficient to produce revenue to reimburse the commonwealth for funds appropriated for the operation of the authority and the division, including the dedicated state police units attached to the division, and public safety costs, including amounts sufficient to cover the cost of fringe benefits as established by the secretary of administration and finance under section 6B of chapter 29. This assessment shall be made proportionately against each licensee based on the proportionate number of gaming devices and tables operated by that licensee. Each licensee against whom an assessment is made shall pay over daily to the authority a pro rata share of the assessment as determined by the authority. If the authority fails to expend in any fiscal year the total amount assessed under this section, any amount unexpended shall be credited against the assessment to be made in the following year and the assessment in such following year shall be reduced by that unexpended amount.

(4) Each licensee shall pay the total amount of the licensing fee to the commonwealth immediately upon the awarding of the license.

(5) Each licensee shall pay daily to the commissioner of the department of revenue as the agent of the authority, the operating licensing payment, as provided in section 5.

(6) No licensee shall operate, invest or own, in whole or in part, another licensee's license or casino. If a licensee is found in violation of this section, they will be fined up to \$5,000 per day for violations.

(7) No person shall be permitted to transfer a license, or a direct or indirect real interest, structure, real property, premises, facility, personal interest, pecuniary interest, including, but limited to, substantial party in interest and affiliates and those entities established under the rules and regulations of the secretary of state, under any license issued under this chapter, or enter into an option contract, management contract, or other agreement or contract providing for such transfer in the present or future, without the notification to and approval by the authority; provided that the authority may require either the transferor or

transferee or both, as determined by the authority, to pay to the commonwealth an amount representing the commonwealth's share of the increased value for those licenses, property or contracts; provided, that the authority shall consider as a factor in determining the amount of the payment the difference in value of the licensee's property between the time of when the licensee received the license and the time of or anticipated time of the transfer through the average of 3 separate assessments made on the licensee, the authority and an independent assessor chosen by the authority, and the cost of that assessment shall be part of the payment of the transfer; and provided further, that the authority shall consider as a factor in determining the amount of the payment the market value of the license of when it was acquired and at the time of the transfer; provided further, that the authority shall consider as a factor in determining the amount of the payment the increased value of the property, land, establishment, management agent, entity or business value as a result of possessing a gaming operator's license. In no event shall a bona fide commercial financial institution licensed by the division of banks which becomes a substantial party of interest with a licensee be deemed to be a transfer; provided further, that the authority may reject such transfer if it deems it unsuitable. The authority shall adopt rules and regulations for the determination of the payment which serves the best interest of the commonwealth as a result of the transfer; provided that the authority may consider the actual increase or decrease in the pecuniary value of the license, the real property, and the shares of interest among the time it was initially purchased, the time of receiving a license and the time of the transfer; provided further, that any payments collected by the authority on behalf of the commonwealth are deposited in the same manner as license fees are deposited with the commonwealth.

The authority may place any condition or restriction on the transfer of a license or substantial interest or party of interest, and in all instances it shall consider whether additional compensation is owed to the Commonwealth.

No casino licensee shall be permitted to change its business governing structure under the law and those entities established under the rules and regulations of the secretary of state without the notification and approval of the authority.

The authority shall monitor the conduct of all licensees and other persons having a material involvement, directly or indirectly, with a licensee for the purpose of ensuring that licenses are not issued to, or held by, and there is no direct or indirect material involvement with a licensee by unqualified, disqualified, or unsuitable persons.

(8) Each licensee shall be required to have an office available to the authority. The authority shall establish the minimum requirements for the office.

(9) Each licensee shall be required to have an office available for the division's state police personnel. The authority shall establish the minimum requirements for square footage for the state police office, office furnishings, and parking space.

(10) All licensees shall make readily available all documents, materials, equipment, personnel and any other items that the attorney general may desire to conduct an investigation. A licensee may withhold material that may be considered a trade secret or detrimental to the licensee if it were made public and have it adjudicated before the authority as to its protected status, and require non-disclosure agreements between the attorney general and the authority for such material.

(11) The licensee shall cooperate with the division with respect to the investigation of any criminal matter that is discovered on its property. The licensee shall, upon receipt of criminal or civil process compelling testimony or

production of documents in connection with any civil or criminal investigation, immediately disclose such information to the authority. This section does not prohibit private persons or public entities from seeking any remedy or damages against a licensee.

(12) Each casino licensee shall require the approval of the authority for any capital improvements to the facility in excess of \$1,000,000, which is in addition to the original application.

(13) All licensees shall have a duty to inform the authority of any action which they reasonably believe would constitute a violation of this chapter, and shall assist the authority and any federal or state law enforcement agency in the investigation and prosecution of such violation. No person who so informs the authority shall be discriminated against by an applicant or licensee because of the supplying of such information.

(14) All licensees shall collect and annually report to the authority a statistical report on the number of candidates hired and retained in employment in connection with the workforce development plan and the affirmative action program respectively required by sections 5(b). Failure to comply with this section shall cause a licensee to forfeit any state workforce training funds or economic incentives.

(15) All licensees shall agree to make a good faith effort to identify and recruit candidates from the local labor market area and other nearby labor market areas to ensure a diverse workforce. Failure to comply with this section shall cause a licensee to forfeit any state workforce training funds or economic incentives.

(16) Every casino licensee shall keep conspicuously posted on his premises a notice containing the name and numbers of the council on compulsive gambling and a statement of its availability to offer assistance. The authority may require the licensee to provide this information in 1 or more languages.

Section 7. Storage of Documents and Non-Disclosure of Sensitive Documents and Materials

The authority shall maintain a file of applications for licenses under this chapter, together with a record of all action taken by the authority on those applications. Such applications shall be open to public inspection; provided however, that the executive director shall prohibit access to information that contains law enforcement or investigatory information, is a trade secret, or puts the applicant for a license at an unfair disadvantage with other applicants; provided further, that the executive director shall consult with the division on public records on the appropriate manner of distributing or withholding of such information.

The authority may maintain any other files and records as it deems appropriate.

Section 8. Authority Operating Account

There shall be established upon the books of the commonwealth a separate fund to be known as the Massachusetts gaming control authority trust fund to be expended, without prior appropriation, by the Massachusetts gaming control authority. The fund shall consist of the application fees collected pursuant to section 5(a)(6), and all assessment payments collected from section 6. The executive director of the authority shall make necessary expenditures from this account for the shared administrative costs of the operations and programs of the authority. The executive director shall further direct that funds from the account shall be expended to provide services in an amount reasonably related to the functions of the authority and the comptroller may certify for payment amounts in anticipation of expected receipts; but no expenditure shall be made from the fund which shall cause the fund to be in deficit at the close of each fiscal year.

The authority shall pay the attorney general the amount it requested under section 14(b) by July first of each year.

Section 9. Gaming License Fee Trust Fund

(a) There shall be established and set up on the books of the commonwealth a separate fund, to be known as the gaming license fee trust fund, in this section called the license fee trust fund. The license fee trust fund shall consist of all license fees received in consideration of the award of licenses under section 6, and all other monies credited or transferred to the fund from any other fund or source pursuant to law.

(b) The secretary of administration and finance shall be the trustee of the license fee trust fund, and shall transfer monies in the fund, without further appropriation, as of June 30 of each fiscal year, only as follows and in the following order:

(1) only if and to the extent determined by the secretary of administration and finance, initial payments to the authority and to the division for start-up expenses, to the community mitigation trust fund established by section 11, and to the public health trust fund established by section 12;

(m)(1) As used in this subsection the following words shall have the following meanings:-

“Real estate tax payment”, the real estate tax levied pursuant to chapter 59, on the taxpayer’s residence and actually paid by the taxpayer during the taxable year, exclusive of special assessments and delinquent interest, and less any abatement granted. In the case of a multi-unit dwelling, a land area in excess of 1 acre or a multi-purpose building or land area, the real estate tax payment shall constitute that portion of the real estate tax levied and paid on the entire building or area, which corresponds to the portion of the area or building used and occupied as the residence of the taxpayer, in accordance with procedures established by the commissioner.

“Residence”, shall have the same meaning as in subsection (k) of section 6 of chapter 62, except that the term shall not include a residence rented by the taxpayer.

“Taxpayer’s total income”,

(1) An owner of residential property located in the commonwealth who is not a dependent of another taxpayer and who occupies said property as his principal residence shall be allowed a credit based upon the ratio of the taxpayer’s real estate tax payments during the taxable year established by the commissioner to the taxpayer’s total income, expressed as a percentage. The amount of such credit for any qualifying taxpayer shall be determined as follows, based on the “percentage bracket” of a taxpayer’s total income in which such taxpayer’s real estate tax payments fall, as follows:

- (i) from 0 to 2.49 percent of total income (“bracket 1”) –no credit;
- (ii) from 2.5 percent through 4.99 percent of total income (“bracket 2”) – the base credit amount for the taxable year, as determined by the commissioner;
- (iii) from 5 percent through 7.49 percent of total income (“bracket 3”) – the base amount, as so determined, plus \$75;
- (iv) from 7.5 percent through 9.9 percent of total income (“bracket 4”) – the base amount, as so determined, plus \$150; and
- (v) from 10 percent of total income and above (“bracket 5”) – the base amount, as so determined, plus \$225.

The base amount of credit for purposes of this section shall be determined annually by the commissioner. The base amount shall be computed using reasonable estimates of the number of qualifying taxpayers in each percentage bracket in the taxable year and shall take into account the amount of the operating licensing payments from the prior fiscal year available for funding the credit, as certified to the commissioner by the secretary of administration and finance. The commissioner shall annually determine the base credit amount so as to award credits totaling, as nearly as practicable, the amount of revenue so certified. The secretary may estimate the operating licensing payments available from the previous fiscal year to the extent necessary to provide timely certification to the commissioner on or before September first of each calendar year.

(2) No credit shall be allowed for a married individual unless a joint return is filed.

(3) No credit shall be allowed by this subsection with respect to the real estate tax payment on more than 1 residence of any taxpayer during any taxable year, but a taxpayer whose principal place of residence changes during the course of the year may claim a credit for the real estate tax payment with respect

to each such principal residence, attributable to the period that such principal residence is actually occupied as such during the year.

(4) The credit allowed by this subsection shall be allowed against the taxes imposed by this chapter for the taxable year, reduced by the other credits permitted by this section. If the credit exceeds the tax as so reduced, the commissioner shall treat such excess as an overpayment and shall pay the taxpayer, without interest, the amount of such excess. Any person entitled to claim any credit pursuant to this subsection and not otherwise required to file a return under section 6 of chapter 62C may obtain a refund in the amount of such credit by filing a return and claiming a refund.

(5) Any credit provided by this subsection shall not be counted as income in determining eligibility or benefits under any other means-tested assistance program, including but not limited to all such cash, food, medical, housing, energy and educational assistance programs.

(6) A person who is otherwise eligible to claim the credit under subsection (k) of this section may elect the credit available under this subsection or under subsection (k), but not both.

(7) Every board or officer of a city, town, district or local commission responsible for the collection of property taxes, special assessments or water and sewer charges shall transmit to the commissioner at the times and in the form and manner as the commissioner prescribes a report of the payments made by every person who is liable during the taxable year to the city, town, district or commission for such taxes, assessments and charges. The report shall be used solely for purposes of verifying eligibility to claim the credit under this subsection. The commonwealth shall pay to each city, town, district or commission an amount sufficient to defray the additional costs imposed under the provisions of this subsection. In every year not later than August first, the state auditor shall determine and deliver to the commissioner a statement of the incremental costs attributed to this subsection and estimated to be incurred by each city, town, district and commission in the next fiscal year. The commissioner shall include in his budget recommendations for that fiscal year a request for an appropriation in an amount equal to the estimated costs, and shall, not later than September first, disburse to each city, town, district or commission its share of any funds appropriated for the costs.

For purposes of this chapter and chapter 62C, such payment of winnings shall be treated as if it were wages paid by an employer to an employee. Every person who is to receive a payment of winnings which is subject to withholding under this section shall furnish to the person making such payment a statement, made under penalties of perjury, containing the name, address and taxpayer identification number of the person receiving the payment and of each person entitled to any portion of such payment.

This statement may contain such other information as the commissioner may prescribe. The commissioner may grant reasonable extensions of time, not exceeding 60 days, for the furnishing of the statement.

Every employer who fails to withhold or pay to the commissioner any sums required by this chapter to be withheld or paid shall be personally and individually liable therefore to the commonwealth. The term "employer," as used in this section and in section 11, includes any person or entity required to withhold tax from any payee, and includes an officer or employee of a corporation, or a member or employee of a partnership or limited liability company, who as such officer, employee or member is under a duty to withhold and pay over taxes in accordance with this section and section 2. Any sum withheld in accordance with section 2 shall be considered to be held in trust for the commonwealth.

If an employer in violation of the provisions of this chapter fails to withhold the tax in accordance with section 2, and thereafter the tax against which such tax may be credited, pursuant to section 9, is paid, the tax so required to be withheld shall not be collected from the employer; but this paragraph shall in no case relieve the employer from liability for any penalties or addition to the tax otherwise applicable in respect of such failure to withhold.

SECTION 12. Section 8 of chapter 62C, as appearing in the 2006 Official Edition, is hereby amended by striking out the last sentence of the first paragraph and inserting in place thereof the following sentence:-

The same basis of reporting shall be utilized for income that is subject to taxation or withholding under chapter 62 or 62B but is not subject to taxation or withholding under the Code.
